

ARMED DEPUTIES
GUARD SENATORS

State of Siege Prevails in the Colorado Legislature Over United States Senatorship.

TROUBLE FEARED

Both Sides Organize Separately, and Both Unseat Members of the Other Party.

(Special By Scripps-McLae.)

Denver, Colo., Jan. 20.—The Colorado senate has been in a state of siege all night, with the Republican members practically imprisoned behind locked doors in the senate chamber and fifty armed deputy sheriffs, all Democrats, on guard in the corridors.

The Republican lieutenant governor has appealed to the governor for state troops to clear the corridors, break down the doors, and relieve the Republican prisoners. He has not yet consented, but says that if the rival factions in the senate do not reach an agreement soon he will resort to extreme measures.

Two Senates in Session.

There are two "senates" in session, each claiming to be regular. One "senate," presided over by Lieut. Gov. Haggott, is composed of nineteen Republicans, a majority. The other "senate" is made up of the Democratic minority and is presided over by Senator W. H. Adams.

The Republicans have "unseated" Democratic members and the Democrats have retaliated by "unseating" Republicans, but the unseated members in both factions have declined to surrender their places.

The trouble began when the senate took up the contest cases, when the Democratic majority of the elections committee were ready to report on the cases where Democratic seats are being contested by Republicans in favor of the Democrats.

GOVERNOR OPENS
WAR ON BABCOCK

His Appointments All Show the Breach To Be Very Wide.

(Special By Staff Correspondent.) Madison, Wis., Jan. 20.—Leaders in the political field are today commenting upon the fact that the Governor has thrown down the gage to Congress

JOSEPH W. BABCOCK.

man Babcock and his appointments of republicans in Babcock's district have all been men who are openly opposed to the congressman and that their appointment looks to an attempt on the part of the Governor to forestall any attempt that he may make two years from now to return to congress. It is now said that before the last campaign the district was carefully gone over to find a candidate to beat him but none could be brought forth with sufficient strength for the purpose.

WOMAN SLAYS HUSBAND,
THEN CUTS HER THROAT

Laboring Under Needless Fear That She Might Be Left Penniless, Wife Commits Awful Deed.

Oakland, Ia., Jan. 20.—Mrs. William Hanna, aged 73 years, brained her husband with a hammer and then cut his throat with a butcher knife, following the murder by cutting her own throat with the same knife. Mr. Hanna was aged 76 years and was growing feeble. The tragedy occurred at the home of L. C. Hanna, a son, who lives three miles east of town.

Mrs. Hanna left a note addressed to her son, in which she explained that she and Mr. Hanna were getting very old and that she feared her husband would die at any time, leaving her penniless to battle with the world. The fear was causeless, as both husband and son were possessed of considerable wealth.

CARACAS HAS
BIG JUBILEE

Victory Over German Gunboat Is Popularly Demonstrated in the Venezuela City.

Caracas, Jan. 20.—The whole city is celebrating what the natives call the victory of San Carlos over the German gunboat Panther at Maracaibo. Crowds through the streets singing patriotic songs and President Castro is loudly cheered whenever he makes a public appearance.

President Castro has sent a dispatch to General Bello, commanding Fort San Carlos, congratulating him on his brave and successful defense of his post and expressing a hope that the same courage will be shown wherever the enemy makes its appearance.

The conduct of the Germans in firing on San Carlos is declared to be proof of German insincerity in regard to arbitration and of German desire to provoke a war that would make arbitration impossible.

SULTAN OF SULU
DIES SUDDENLY

Passes Away a Victim of Cholera in His Island Kingdom.

(Special By Scripps-McLae.)

Manila, Jan. 20.—Word has been received that the Sultan of Jolo, better known as the Sultan of Sulu, is dead, having fallen a victim of cholera. Since the United States took control of the island the Sultan has been recognized as the ruler and was allowed to rule as he did before. His mother who was a slave at first has been the real ruler of the island and her career has been likened to that of the dowager empress of China. The United States paid the Sultan a salary of five thousand a year.

FIRE PANIC IN AN ORPHANAGE

Blaze in Omaha Causes \$35,000 Loss, but All Children Are Rescued.

Omaha, Neb., Jan. 20.—Fire created a panic at St. James' orphanage at Benson, a suburb of this city, and destroyed the north wing of the building, causing a loss of about \$35,000, partly insured. One hundred children were in the building when the fire broke out, but all were removed in safety and are quartered in the convents of the city. The institution is outside the city limits and had no fire protection.

MITCHELL TALKS
TO CONVENTION

Addressed the Meeting of United Mine Workers in Indianapolis This Morning.

URGED CHANGES

Would Ask More Wages, Have a New Wage Scale and Other Improvements.

(Special By Scripps-McLae.)

Indianapolis, Ind., Jan. 20.—President Mitchell today presented his annual address to the convention of United Mine Workers at their session now being held. He principally recommended that the miners make a demand for higher wages on the grounds that the operators can well afford to pay.

Lays Down Principles

Aside from the increase of wages he also advises the mine workers to stand firm for the mine run basis and advance of wages for the inside and outside labor and the establishment of a fixed differential of seven percent on run of mine basis between the pick and machine mining wages. This to cover the entire competitive field.

Urge Defense Fund

He also urged a permanent defense fund and stated that he organization was now the largest in history of any organization and that the field should be allowed to grow until it became as large as was necessary for any emergency.

Machine Mining

He also stated it as his belief that before long all bituminous coal would be mined by machinery. He also denounced government by injunction and in conclusion stated emphatically that he would not enter politics.

ENGLAND TIRES
OF GERMAN ALLY

Is Now Glad to Turn Its Attention to South Africa as an Excuse.

(Special By Scripps-McLae.)

London, Jan. 20.—England has tired of the alliance with Germany as regards the Venezuelan question and has eagerly taken up the Transvaal situation as an excuse to be released from further work with the Germans as to the compelling of the payment of the Venezuelan claims. On every side Chamberlain's decisions as to what should be done for the Boers and for their relief have met with the approval of the government and of the commons generally. There is no criticizing.

SAN DOMINGO IS
PAYING UP DEBTS

Minister Powell Secures Settlement for Widow of French Contractor Sala.

San Domingo, Republic of Santo Domingo, Jan. 20.—The Dominican government has paid to Minister Powell, the balance of \$50,000 due on the Sala claim. This payment virtually closes the matter. Sala was a Frenchman who loaned the money and supplied the war munitions to the late President Hereaux of Santo Domingo. Sala died, leaving his claim to his wife.

TOBACCO MAN
IS IN TROUBLE

Landlord Johnson Says He Left an Unpaid Board Bill, and Has Him Arrested.

Deputy Sheriff Wallace Cochrane left this morning for Madison to bring back to this city, L. R. Carr a traveling man who is charged by Landlord Johnson with jumping his board bill.

Carr came here some three weeks ago representing an eastern house. He had some large boxes of samples and apparently was having a good trade. He ran up a board bill of \$20 with Mr. Johnson and then told him he was going to Evansville for a day and would be back the next night. He did not show up again for a week and when he came back stated that he had been sick. He stayed with Mr. Johnson for another week and left telling him he had a remittance from the house awaiting him at Madison and would remit when he reached there. He left two boxes of goods at the hotel as security but when they were examined by the proprietors they were found to be of little value.

Carr Arrested

Mr. Johnson did not hear from Carr as he had agreed so called up Chief Baker at Madison and the chief soon landed Carr in jail. This morning a warrant was sworn out by Landlord Johnson and Officer Cochrane went to Madison to get the prisoner. Jumping a board bill is now a serious offense and it may go hard with Mr. Carr unless he settles.

QUEEN CHRISTINA
OPPOSED TO WAR

Letters Found Among Ex-Premier Sagasta's Documents Show Regent Wished Peace.

VALUABLE PAPERS

King Alfonso Has Offered a Duchy if They Are Delivered to Him.

(Special By Scripps-McLae.)

Madrid, Spain, Jan. 20.—From papers that have been found among the private documents of the late Premier Sagasta it would appear that the Queen Christina was adverse to the prosecuting of the Spanish-American war and had urged her premier to do all in his power to make peace and accept the solution offered by the late President McKinley at the outbreak of hostilities.

Valuable Papers

These documents, in the form of confidential letters were found by the ex-Premier's family while settling up the affairs of his estate. Queen Christina urged her minister to use the greatest prudence and expressed a desire that he would accept President McKinley's proposals for peace.

In Terrible State

The letters show the terrible state of mind that the poor Queen was in over the threat of the American government to bombard the Spaniards and was full of hope until the last that peace might be brought about that would avert war.

Wants Letters

King Alfonso has made the daughter of Sagasta the offer of a Duchy if she will deliver the letters to him.

IS NOT IN PAY
OF VENEZUELA

Minister Bowen Emphatically Denies That He Has Received a Cent from Castro.

(Special By Scripps-McLae.)

Charleston, S. C., Jan. 20.—United States Minister Bowen, who represents President Castro and Venezuela in the settlement of the South American trouble, indignantly denies the charges that he has received money from Castro for his services. He says that he had refused to accept anything from Castro, even his expense money and while he had been treated with the greatest courtesy, he had received no pay whatsoever. He refused to make known the business of his mission in Washington.

PRETENDER LOSES
TO THE SULTAN

Morocco's Troops Win Decisive Victory Over the Enemy's Forces.

Tangier, Jan. 20.—The troops of the sultan of Morocco, under the command of Said Omar Amrani, have signally defeated the forces of the pretender and burned the villages of his followers.

The victory has caused the greatest rejoicing in Fez, the city being illuminated in honor of the sultan, who is now regarded as certain to triumph over his enemies.

TO INVESTIGATE
COAL SHORTAGE

The Legislature Will Appoint a Joint Committee to Act Upon the Situation.

(Special To The Gazette.) Madison, Wis., Jan. 20.—A joint resolution providing for the appointment of a legislative committee to investigate the coal shortage in the state, and the reasons therefore was introduced in the senate this afternoon by Senator McGillivray. The committee is to consist of three senators and six assemblymen and is to report the result of its investigations to the legislature.

SURGEONS SEW WOUND IN HEART

Remarkable Operation Is Performed at the St. Louis City Hospital.

St. Louis, Jan. 20.—A remarkable surgical operation was performed at the City hospital to save the life of Edward Spilker, aged 19, who had attempted suicide by shooting himself in the left breast. An aperture was made at the wound, and between pulsations the wound in the heart was closed with three stitches. The bullet had also perforated the apex of the left lung. A portion an inch and a half square was cut away, a heavy silk ligature tied about the lung, draining tubes being established, and the chest cavity closed. The patient speedily rallied and it is believed he will recover.

VIGILANT POLICE
SAVE BIG SUM

Plan to Rob Monte Carlo by Swindler is Frustrated by Clever Police Work.

London, Jan. 20.—A dispatch to the Daily Express from Monte Carlo states that a gang of international swindlers plotted to make a raid at the same time on the gambling casino, the Credit Licensas and Smith bank. The robberies were to take place on Sunday. One of the robbers was to pretend to commit suicide at the Casino and others were to make all the confusion possible and then rush the tables scooping in the cash. The Credit Licensas and Smith's bank were to be robbed while the Casino was being rushed and the robbers were then to dash to auto cars in readiness and fly away to a steam yacht waiting on the coast. The police got a hint of the scheme and laid plans to prevent its success and the intended robbers were foiled.

SHARP WORDS IN
OPEN MEETING

Bavarian Member of the German Reichstag Attacks the Emperor on His Policy.

Berlin, Jan. 20.—Herr Schaedler, a Bavarian member of the center party, openly attacked the Kaiser because of his telegram to the Bavarian government last summer in which he criticized the Bavarians for not passing an appropriation for art which the Emperor desired. The attack was made in open session of the Reichstag and has caused considerable talk among the members as to what action should be taken. Count Von Bulow replied to the charge in a very spirited manner.

CUBAN TREATY
IN THE SENATE

Two Executive Sessions Were Held Yesterday to Discuss Proposed Reciprocity Pact.

Senator Cullom Says Trade Would Greatly Increase Under the Impetus It Would Have.

(Special By Scripps-McLae.)

Washington, Jan. 20.—The senate devoted two brief executive sessions to the Cuban reciprocity treaty. Senator Cullom, chairman of the committee on foreign relations, made a statement of the purpose and effect of the treaty, producing a mass of figures to show the extent of the commerce between the United States and Cuba and giving reasons for a belief he expressed that the ratification of the treaty would cause a rapid increase in the trade between the two countries. He said that on the basis of the commerce of 1901 the ratification of the treaty would cause a reduction of about \$5,000,000 on the duty paid on Cuban imports and a corresponding reduction of about half that amount on American articles shipped to Cuba.

Would Increase Trade.

Senator Cullom dealt at some length on the probability of an increase in the volume of trade under the operation of the treaty, said he did not believe any American industry would be injured by the agreement, and urged prompt ratification.

Senator Bacon offered an amendment, the adoption of which would have required ratification of the treaty by the house. The amendment was not discussed.

The official text of the amendment of the treaty made a few days ago by the committee on foreign relations was made public along with the text of the treaty. It shows an important variation from the text of the amendment as unofficially printed.

FEAR FELT FOR
POPE LEO'S LIFE

Physicians Say the Coming Jubilee May Be Too Much for His Strength.

(Special By Scripps-McLae.)

Rome, Jan. 20.—Physicians and confidants of the Pope express much fear as to his condition after the excitement that is bound to follow the March celebration now planned.

POPE LEO XIII.

They say that his holiness is not strong and they fear that the strain of the jubilee will be too much for the head of the Catholic church to stand. He is very infirm and the greatest care is taken of him so that his strength may be saved as much as possible. Two things will keep him alive they say. His strong mind and his veins. The former is as alert and clear as ever. His veins which show through his transparent skin are as clear as a man of fifty.

THREE LOCOMOTIVES
ARE RUINED IN CRASH

One Life Is Lost and Great Damage Done Through Collision on Boston and Maine Road.

Walpole, N. H., Jan. 20.—The loss of a life and \$25,000 damage to rolling stock occurred through the collision of three big locomotives on the Boston & Maine railroad at Cold River station. Two of the engines were utterly destroyed. Oliver Ellison, engineer, was the man killed.

An engine was backed up near the rear of a freight, when the other locomotives, just out of the repair shops at Keene, crashed into the standing engine.

Trouble For Germany.

Berlin, Jan. 20.—The enormous increase of Austrian duties is regarded as the first reply from a leading power to the increase of German tariff rates. They are virtually a bar to foreign imports of wheat, rye, barley, oats and maize.

COMMON COUNCIL HOLDS MEETING

GO THROUGH REGULAR ROUTINE
BUSINESS OF SESSION.

COMMITTEES MAKE REPORT

Will Lay All Bills on the Table for
Two Weeks' Consideration.

To do business in accordance with the city charter was the end the council aimed at during its meeting last night. The aldermen evidently thought they had trouble enough on their hands and were taking no chances of incurring the further displeasure of the citizens. Attorneys Pierce and Sutherland were present at the meeting and warned the council against adopting the statement, schedule and special assessment list on Wall, High and Marion streets. This warning was not heeded and the report was adopted. Hereafter all claims and accounts must be in the clerk's hands for two weeks before they are paid.

Mayor Richardson presided at the meeting, all the aldermen being present except Lowell and Gilkey. After reading the minutes of the last regular meeting the clerk presented a communication from the assessors stating that several pieces of property had been over assessed and recommended that a rebate be given. The communication was referred to the finance committee who reported favorably and it was accepted.

Wants Safe
E. T. Fish offered \$40 for the old safe that was in the city treasurer's office and the old desks belonging to the clerk and treasurer's offices. The offer was accepted.

The Protest
Fifield Bros. protest against the issuance of bonds on Wall and North Franklin street was referred to the highway committee who were granted more time to report. The petition of J. E. Inman to erect an ice house on North Jackson street was referred to the fire and water committee who asked that the matter lay over two weeks. The special assessment list statement and schedule for work done on North Franklin, Marion and Wall streets was presented and adopted after protests by Chas. E. Pierce and George G. Sutherland, representing property owners on the different streets.

To Print Proceedings
Mayor Richardson announced that in accordance with an order passed at the last meeting of the council he had appointed aldermen Wells, Judd, Kothman and Murray, as a committee to investigate the cost of printing the council proceedings in the daily papers.

Mayor's Report
The mayor also reported that he had been instructed to make a lease of the municipal court room with certain terms laid down by the council. He and Judge Fifield had not been able to agree and had submitted the matter to the county board who had made it a special order of business for 2:30 p. m. Tuesday. The only question to be settled is in regard to the county paying its share for the furnishings of the room and offices.

Finance Report
The finance committee reported a list of bills and the clerk was instructed to draw orders on the treasurer for them. The clerk was also instructed to draw orders for \$2156 in favor of the First National Bank to pay city note No. 64 and one for \$15,273.05 to pay city notes No. 66, 68 and 69 at the Rock County National Bank. The clerk was instructed to issue bonds to the amount of \$200 to pay for the improvement of Marion street. The bonds are to be five in number, of \$40 denomination, bearing interest at 5 per cent.

The mayor was instructed to negotiate the bonds for the improvement of Marion street and also for the improvement of Milton avenue, the premium secured to be credited to the property owners.

Committee Reports
Alderman Mills from the special committee on printing the council proceedings, reported "That the committee had investigated the matter and that it would cost \$200 a year to print the full proceedings. They had therefore decided that it would be more satisfactory to the public to have the report of the finance committee upon all bills, claims or demands, together with every order or resolution directing the payment of any money and a list of the accounts published in the Gazette and the Recorder after each meeting. The proprietors of the papers had agreed to print these reports for 35 cents a folio which was a little over half the amount that they received for the city printing."

New Order
An order that hereafter all bills presented to the council lay on the table for two weeks before being amended and paid according to the terms of the charter was carried.

Mayor Richardson said that this would work a hardship on the laboring men who needed their pay, but they would have to wait.

Resolution Adopted
The following resolution regarding city officers was presented and carried:

Resolved, By the Mayor and the Common Council of the City of Janesville, That all officers of said city required by the charter or any ordinance of said city or any law of this state to report to the common council, either annually, quarterly or monthly, and who have failed or neglected to make the last annual, quarterly or monthly report, prepare and file such report in the office of the city clerk on or before the next regular meeting of said council, and that said officers make such report thereafter within the time required by said ordinance, law or charter. That the city clerk be and he is hereby directed to serve a copy of this resolution upon all officers who

have failed or neglected to make such report.

Alderman Hutchinson wished to know where the representative of the Water Works company was who was requested to be present and explain about the extensions ordered last summer. As no one had taken the trouble to notify the company they had no representative present. Mayor Richardson reported the sale of the \$25,000 city hall bonds lately issued.

Davies Hired
Alderman Rice from the finance committee stated that they had hired E. H. Davies to help Clerk Badger make up his city hall and stage crusher statement for the Municipal League, but that Mr. Badger stated that he did not need him but wanted a stenographer and copyist. They had let Mr. Davies go and would get the help required.

Alderman Mills stated that the fenders on the street cars were now all satisfactory and that the company now had a man to go ahead of their cars before they crossed the railroad tracks.

On motion the council adjourned.

THADDEUS HAELY SURPRISED

Pleasant Party for the Employees of
New Doty Mfg. Company

Thaddeus Haely was happily surprised at his North Hickory street home Saturday evening by the employees of the New Doty Manufacturing company and their wives. The party which was in honor of Haely's birthday, was planned by his wife and about seventy-five guests were present. The evening was pleasantly spent in playing cards and at 10:30 o'clock a three course luncheon was faultlessly served at tables beautifully decorated with pink and white carnations. The hostess was assisted by Mesdames Marshall, James McGinley and Dennis McGinley. During the evening Mr. Haely was presented with a handsome chair by the guests, Mayor Victor P. Richardson making the presentation.

CIRCUIT JUDGE IS EMPOWERED TO ACT

Has Entire Power to Call a Grand
Jury Without the District At-
torney's Recommendation.

It is not necessary for the district attorney to take a hand in the calling of a grand jury. The entire power of calling the jury is vested in the circuit judge and he may call it at any time that he sees fit, without recommendation from the district attorney. The list of those from whom the grand jury is drawn, is made out each year at the November term of the county board and consists of two men from each town, village and ward in the county. This list holds for a year and is filed with the clerk of the circuit court. Seventeen names are drawn from the ballot box in the same way that a circuit court jury is drawn and these seventeen constitute the grand jury.

TURK WISHES TO MEET BEELL AGAIN

When His Shoulder Has Recovered
Strength, Youseff Wants Just
One More Trial.

Although the two weeks which have elapsed tomorrow since Dan Murphy flung down his challenge before the winner of the Beell-Youseff wrestling match, no steps have yet been taken which give promise of bringing the two men together within the stated time. Just what the hindrance is has not been made public. It is said, however, that Beell will meet the Turk again within the next few weeks. Youseff is still nursing his wrenched shoulder. He says that he is gaining strength, and that he hopes soon to be able to use it, this time with more effect, against his Marshallfield victor. It is said that the match will take place in the rink in this city as before.

Plans for a bout between a Milwaukee and a Minneapolis boxer are being made, and the date will be set within a day or two. The match will take place before long. Both men are said to be handy with the gloves and one of them having won a decided victory over a formidable opponent last week.

W. H. Gaebler, of Watertown, was in the city today on business.

LEAGUE IS TO BE ORGANIZED

ASSOCIATION WILL PLAY BASKET
BALL SERIES.

ARE TO HAVE MANY MEMBERS

Games To Be Played Daily for All
Who Play or Are Learn-
ing.

Such a general interest in basket ball has been taken among the members of the Young Men's Christian association that a league is soon to be formed. A large number have signed an agreement regarding the rules under which the games shall be played, and it is expected that fully sixty will comprise the membership before the final steps have been taken to complete the organization.

To Play Often
As matters now stand it is impossible for all to take part in the game who would like to. Many are desirous of learning and there are difficulties in their way. Under the proposed league, all members will be assigned to some team. The captains of the teams, of which there will probably be a dozen, will be the most experienced players in the association.

To Instruct Beginners
These older players will be in a position to instruct those who are just beginning to play. Two teams will meet every evening, which will, supposing there are twelve teams, give each member of the league an opportunity to play one game a week. The agreement which has been drawn up provides that each member shall attend at least one gymnasium class a week.

Many Advantages
As a result of this system, a large number of new men will be developed, which will naturally greatly strengthen the standing of the association in its outside basket ball schedule. Besides that it will draw a large number of men into the active gymnasium work who would otherwise remain out because they would be unable to take part in the game.

VISIT MILTON TO PLAY BASKET BALL

Both High School Teams Will Play
Against Milton College Wed-
nesday Evening.

Both the boys' and girls' basket ball teams of the Janesville High school will play their first game outside of the city on Wednesday evening, when the teams go to Milton. It will be the first game of the season for the girls' team.

The games are to be played with the teams of Milton college and a return contest is scheduled for this city on the 14th of February. The High school boys' team will meet another college five on the 30th of this month, when they play against Carroll college at Waukesha. Arrangements are pending for a double game for both boys to be played with the Fort Atkinson High school in this city on Friday evening, February 6.

Special interest centers in Wednesday evening's game because the opponents in the contest are to be college teams. Comparatively few High schools in this part of the state have gymnasiums and consequently basket ball teams are an impossibility in schools which lack this equipment. To secure enough games to make an interesting schedule for the Janesville High school it has been necessary, therefore, to include college teams. Admirers of the local teams are confident that they will win in Wednesday evening's contest.

Coach Norris will take the teams to Milton on the 4:40 train. The boys' team will line up the same as in last Friday's game with Smith center; Palmer and Wilbur, guards; Kent and Sennett, forwards; and Carle substitute. The line-up for the girls' team has not been definitely determined.

MISS WILLEY GAVE AN INDOOR PICNIC

Unique Party Was Given in Honor of
Miss Ethel Fisher's Be-
trothal.

Miss Pearl Willey was the hostess at a delightfully unique party given Saturday evening in honor of her friend Miss Ethel Fisher and F. N. Braden, of Minneapolis, whose betrothal has been announced. Mr. Braden is an uncle of the hostess and was a guest at her home over Sunday.

Twenty-five young people enjoyed Miss Willey's hospitality which evidenced itself charmingly in an original way. The party was an indoor picnic and the guests were all attracted in dainty summer gowns. A part of the home was decorated to represent an outdoor scene in summer. An abundance of evergreens were used. Rustle seats stood under the great branches and the rooms were lighted with Chinese lanterns.

The picnic idea was also carried out in the dainty supper which was served about 11 o'clock, the guests being seated on the floor in the true picnic style. Various games served to make the evening pass merrily, the greatest amusement being occasioned by a novel game called the Board of Trade. There were guessing games, artistic contests, ping pong and crokinole and the indoor picnic was a great success.

The evening abounded in novel features, one of the most amusing being the exchange of gifts. Each guest had been requested to bring some article which she did not want, and after supper inconspicuous collection was distributed. Those who received gifts which they did not want were at liberty to pass them on and the result provoked much laughter. Father Time had ushered in the Sabbath before the merry-making ceased.

COMPLAIN ABOUT INTERURBAN CARS

Country People Have Trouble in Stop-
ping Them—Timely Sugges-
tions of Value.

Considerable complaint has been made by people residing along the line of the Interurban road about the cars not stopping for them. The most of the complaints came from the country where the cars run at a high rate of speed, and it is claimed that the motormen do not stop for them.

This may be the fault of the motormen in some cases, but more often it is the fault of the persons not giving the motorman a signal in time to stop. When the car is running at a high rate of speed it takes from seven to eight hundred feet to bring it to a stop, and unless the motorman gets the signal at least that distance away he is liable to run by the passenger.

Parties desiring to catch a car at any point in the country should signal the motorman when the car is at least a thousand feet away and if it is in the night time should have a lantern. If a lantern is not handy a good way to do is to light a match and stand in the center of the track. The passenger can always tell at night if his signal has been seen as the motorman will blow his whistle. If he does not blow his whistle give him another signal if possible.

These suggestions, if followed out, may save some people a long wait and possibly a long walk.

CURIOUS INCIDENT FOR TWO SHERIFFS

First Papers Served by Sheriff Appleby
Were on His Predecessor in
Office.

A rather curious incident happened a short time ago in connection with the outgoing and incoming sheriff, in as much as the first official paper served by Sheriff George M. Appleby was on ex-sheriff R. J. Maltress.

The paper was an execution in favor of James T. Bidwell et al against R. J. Maltress issued on a judgment secured some fifteen years ago. It seems that ex-sheriff Maltress was in business and made an assignment. Later a dividend of ten per cent was paid by the assignee and no further action was ever taken in the matter. The judgment secured by Bidwell et al was never satisfied and J. P. Towne as attorney had an execution issued and it was given to Sheriff Appleby to serve.

...Forty Years Ago...

Janesville Daily Gazette, January 20, 1863.—Last evening, notwithstanding the inclemency of the weather, a large number of our best citizens attended the exhibition of the excellent panorama of the war. In our opinion it is worthy of the appellation which our brothers of the quill have given it, "The greatest panorama of the day." Go to Lippin's hall tonight.

A letter from the army of the Potomac to the New York Tribune says the reports that Longstreet's corps has removed westward to reinforce Bragg are unfounded. Longstreet himself was here two days ago with his command. It is believed that no entire rebel corps has been withdrawn from our front, but that we have information from deserters and contrabands that some batteries, brigades, and divisions have been detached and sent to Tennessee.

Quartermaster Eycle of the 13th regiment is at home in this city, on a

visit to his family. He reports the regiment in first class condition, in good spirits, and at all times ready for the enemy. They are quartered at Fort Henry on the Tennessee.

We learn from an officer just returned from the 22nd regiment that it is in camp at Danville, Ky., and that the health of the men, generally is very good. He reported that a number of changes in the regiment had recently been made, owing to new appointments.

The Philadelphia Enquirer has Port Royal advices to the 13th, stating that six deserters from Fort Charleston, arrived abroad the blockading vessels, reporting that most of the garrison threw down their arms, refusing to fight under the Confederate flag. They were half famished and their families in want owing to non-receipt of pay. Other troops came down and obliged them to return to duty. Disaffection among the rebel forces is wide spread.

TALENTED PEOPLE IN "FOXY QUILLER"

Janesville Will See the New York Production of De Koven & Smith's Bright Opera.

"Foxy Quiller" at Myers Opera house tonight, will be the operatic event of the season in Janesville. There are nearly fifty light operas on tour in America this season, but none of them has enjoyed more abundant success than this celebrated DeKoven of the most famous light operas before the public of yesterday. He created "Old Jed Prouty" and played it off and on for fifteen years, only to return this season to his first love. The comedian in "Foxy Quiller" has won him more praise and distinction already than any of his former parts.

Miss Rosemarie Glog, the prima donna, made her debut on the concert stage in New York when a girl of only sixteen. Managers were en and Smith (authors of "Robin Hood") work.

The cast, headed by Mr. Golden, is a notable one. Here are partial records of a few of the principals:

Richard Golden appeared upon the stage for the first time as the policeman in "Evangeline" 1876. He played in comic opera for 12 years, creating the comedy parts in a score quick to recognize that she possessed temperament as well as voice, and two years later, being only eighteen, she created the difficult role of Francesca, in Strauss' "Vienna Life" at the Broadway Theatre. Then followed a rapid ascent in the theatrical world and at the time she was engaged by Manager Stern for "Foxy Quiller" she had concluded an engagement as Gabriel in Rice's last revival of "Evangeline" in Boston. She has not visited the west until this season.

Adolph Zink is remembered by everybody who saw the famous Lilliputians twelve or thirteen years ago. He was the leading comedian of that great organization and is the highest salaried "little" man on the stage today. Zink is 29 years old, but only three feet nine inches in height. His work in "Foxy Quiller" as the kleptomaniac-dwarf was the sensation of all New York a year ago.

Miss Daisy Hamlin, soprano, attracted attention for her charming vivacity even as a school girl, and when her parents finally consented to her going on the stage, she was quickly taken under the wing of the Bostonians and during her career with that organization not only created a number of parts, but sung Alice Nielsen's role as understudy to that popular actor.

Melville Collins, baritone, was also with the Bostonians for a number of years and distinguished himself in a good many productions. He is one of the handsomest young men on the stage.

Harry Leone, the silver-voiced tenor, who plays the Corsican, had a similar character part in "The Runaway Girl." He is recognized as an unexcelled genius in this style of acting.

Bergh Morrison, who has a rousing solo such as De Koven is accustomed to writing for his basses, was formerly with Col. Savage's forces, as was Miss Edna Bronson, the contralto.

Janesville is promised in this celebrated comic opera the identical scenic and costume production seen during "Foxy Quiller" phenomenal run in New York. It is transported in two special baggage cars, which will arrive over the North-Western this morning.

The parrot, "Foxy" comes along. He is a wonderful old bird, just 63 years of age. It is not generally known, but parrots frequently attain the age of 100.

COUNTY ATTORNEYS WANT DEFINITE FEE

Ask for Uniform Clerk's Fee for Filing Papers in Circuit Court Cases.

A movement is on foot among the members of the Rock county bar association to secure a uniform clerk's fee in different classes of circuit court cases. Under the present system there is no fixed amount and the clerk can charge according to the number of papers and the number of folios. It is the object of the bar association to get some legislation on the subject this winter. District Attorney Jackson addressed the county board on this subject yesterday afternoon in regard to their appointing a committee from the board to confer with the bar association in the matter. He stated that under the present system in vogue in this county that every time a paper was filed it was necessary to pay the clerk ten cents, and often the plaintiff or defendant in the action was not where he could be reached at once and it devolved upon the lawyer to pay it. Also in cases where the lawyer was not responsible and the clerk trusted him for the fees the county would lose them. If a stipulated sum was fixed for fees in any particular class of cases the plaintiff would know just how much he would have to pay before he started his action and if this was paid or half of it at that time the county would lose very little. The bar association will hold a meeting early next month and some definite action will be taken.

WISCONSIN WEATHER FORECAST
Therating tonight. Wednesday, snow, colder.

NO CHANCE FOR ARGUMENT

The Gazette has no desire to argue with any man who opposes the efforts now being made for a reform in the business administration of the city.

The facts set forth by "Observer" in Saturday night's issue, are cold, stubborn facts. The people are contributing through various channels, close to a quarter million dollars annually for the city's support.

That they have a right to know how this money is invested by agents whom they select to handle it, is not a debatable question.

So far as going behind the scenes, and raking the past is concerned, there should be no hesitancy either on the part of the city, or the officials involved. Every honest official should court the most searching investigation, and where the shadow of suspicion exists, he should imperatively demand it.

Any man whose work will not bear the search light of scrutiny, is not the kind of a man who should be entrusted with responsibility, and this is especially true where trust funds are involved.

It is a well recognized fact that no sane man will dispute, that the council has been reckless and extravagant in the expenditure of public money.

The rights of property owners have been ignored, and their expressed wishes disregarded.

The people voted two years ago in favor of a system of sewerage, not that they expected to have it within a year, but that they desired some definite action before the streets were macadamized.

But little attention has been given to the matter, but instead the work of street improvements has been pushed most vigorously and unreasonably.

Protests on the part of property owners have been ignored, and in many cases hardship has resulted, and property mortgaged to pay assessments, and all because official authority has been abused.

The public is long suffering, and not easily aroused, but patience is no longer a virtue, and the investigation now going on, is simply an uprising of the taxpayers in defense of their own interests.

It remains for the law to determine whether the question involves more than recklessness. In the mean time, every taxpayer will consult his own interests as well as the interests of the city by lending moral aid, if necessary, financial support to the movement.

THE GOVERNOR'S MESSAGE

The volume of 132 pages recently issued from the executive office under the title of the governor's message, is characteristic of the author. It contains exhaustive arguments that will captivate the masses, because it denounces corporations and the man behind it poses as the friend of the downtrodden and oppressed.

It is an adroitly written message, stating strongly and convincingly one side of a case, and that the popular side. The people like to be told that they have been victimized, and while the state has been prosperous in spite of wholesale larceny on the part of the railroads, they have great admiration for any man who steps out in front of the procession, and with the authority of a Moses professes the ability to lead them out of bondage, whether real or imaginary.

Some of the arguments are Skimmer like, and do not bear close investigation. For instance, the statement is made that the railroads have wronged the state out of millions of dollars annually by excessive freight rates, and avoidance of taxes. The freight earnings are placed at \$33,000,000 in round numbers, and Wisconsin shippers are said to pay 40 per cent. more than Iowa shippers. Placed on an Iowa basis this would mean a reduction of \$13,200,000. Add to this \$1,500,000 taxes avoided, and it would mean a decrease in railroad earnings and profits of nearly \$15,000,000.

The message states that the Chicago and North-Western road, after paying dividends, interest and operating expenses, over the entire system, placed in its sinking fund about \$6,000,000 last year. Certainly not a large amount for the capital invested. Had the provisions of the message been in force, this would have been absorbed and dividends passed to keep the capital in tact.

The granger legislation of Iowa has been a nightmare to railroads for the past 20 years and has resulted in driving into bankruptcy every road in the state, except the trunk lines. If the state showed a disposition to use the railroads fairly, it would benefit Wisconsin, and every other state interested in interstate transportation.

The statement concerning the development of the two states by comparison, is equally unfair. Iowa is the greatest agricultural and dairy state in the union. Almost every acre of land is utilized for this purpose. Much of this land was unoc-

cupied 20 years ago and was in the market at a nominal price. A large percentage of it has doubled and tripled in value, during the past decade, and the wealth and development of the state has advanced at a rapid pace.

These conditions do not exist in Wisconsin. Farming lands in the southern part of the state have all been occupied for a generation, and they are no more valuable today and produce no more than they did 25 years ago. During that time, the north has exhausted its great lumber industry, and millions of acres of stumps remain a relic of former prosperity.

The bone and shew of Wisconsin's young farmers find a home in Iowa, and other prairie states, and to this fact, and the changed conditions referred to, is due the difference in development and values.

The railroads are not responsible for these conditions, and while it may contribute to personal popularity to extol prejudice by odious comparison, it is hardly fair to do so.

But the edict has gone forth, and under the direction of a magnetic leader, the state is in for an era of theoretical reform. It will survive the shock, because its personnel is unlike any other western state.

The message so far as the primary law is concerned offers nothing new or convincing. The people have expressed a desire for primary reform which is certainly needed, as was demonstrated by object lessons during the last campaign. It is safe to say that an intelligent legislature will deal with the question intelligently and without regard to hobbies.

The recommendation contained in the message, for an industrial home for the adult blind, is worthy of hearty endorsement. It should carry with it the necessity of a more thorough industrial education for blind children, for only a small percentage of them graduate from a literary course, and many of these become genteel paupers, unless the hand and brain have been trained for self support.

The message is remarkable for length and exhaustive research. It is an able paper from the view point of prejudice against corporate interests. This is easily excited, and is just now prominent in the state, as well as in other parts of the country.

Its utterances will not contribute to permanent party harmony. Neither will its principles if adopted and carried out, contribute to the permanent welfare of the state.

THE STATE JOURNAL

Fifty years ago last September, the late General David Atwood began the publication of the Wisconsin State Journal at Madison. In commemoration of the "golden anniversary" of its birth the State Journal Printing company have issued a souvenir volume entitled Madison Past and Present. The book is replete with interesting facts and full of pictures of scenes, of prominent men of today and the past who have gone to make Madison what it is. Mr. Wilder the editor of the Journal has devoted considerable time to the editing of this work and the result is pleasing to the old settlers of the state whether they have lived in Madison or not. Congratulations to the Journal on its reaching the mature age of discretion.

SUIT IS STARTED

Yesterday afternoon saw the second act of the play that has been started by the Municipal League towards purging the city politics. The sensational suit that was begun bids fair to bring out developments and create complications that may involve more persons than have thus far been named. Fifield brothers have asked that the courts decide their rights in the street paving contract and in order to do this and insure a thorough investigation they have alleged conspiracy on the part of the contractors and the city council in allowing the paving contract to be paid for and have secured an injunction against the mayor, the city clerk and the city treasurer from paying any further bills for the construction of the streets in question and the council from issuing bonds to pay for the streets.

Now that Germany has begun operations down in Venezuela and has been so badly punished in its initial performance perhaps the powers at Washington may be able to read through the veil and see that the Kaiser is writing on the wall.

Should the average citizen of a northern state behave half as badly as have both uncle and nephew of the Tillman family they would be cast into outer darkness so quick it would make their heads swim.

Smoot says he is not a real Mormon and in view of this statement it would be appropriate for the senators at Washington to sing "We Want the Real Thing" when he takes his seat in the senate halls at Washington.

St. Louis is complaining that she will not have hotels enough for the accommodation of guests expected at its great exposition. Three weeks before the show and St. Louis will be nothing but hotels.

It is understood that Marconi modestly declines to have the wireless messages called after himself. This

will probably settle the matter and they are marconigrams from now on.

If President Castro loses his grip on Venezuela it is probable that some enterprising theatrical manager may be able to secure him to star in a play called "Venezuela's Doom" or "The Downfall of the Monroe Doctrine."

Honest dealings will always stand investigation no matter how thorough and no man who has done right to the best of his knowledge should fear to have the public know all his deeds.

Think of three republicans voting against free coal. They ought to be forced to eat smumch the rest of their lives or freeze to death.

Five big ship loads of coal are on their way from England for use in this country and coal is on the free list.

Rudyard Kipling has a great dislike for the Goths and all their relatives but he can build some masterpieces of Gothic poetry.

Now word comes from Rome that Roosevelt is the man for the hour. Why that was known a long time ago by Americans.

Just think how "bloody, blooming cold" it must be in England when the river Thames is frozen over.

The question is: Will Lt. Governor Tillman escape punishment for his murder of the Columbia editor?

What South Carolina needs is a prescription for the ending of the over-confidence of the Tillmans.

Even Pope Leo stands up and says President Roosevelt is right when he talks about negroes.

Now the tobacco workers are unionized and we will be able to smoke union sorted tobacco.

Apostle Smoot of Utah is merely a constructive Mormon, not the real thing.

PRESS COMMENT

Stevens Point Journal: Now that Mr. Spooner has been nominated by every republican vote in the legislature, and will be elected by the same vote, what is the status of that Strange man from Oshkosh?

Waupaca Record: Milwaukee is no longer on the map. At least, the Milwaukee road that advertises its new trans-continental service failed to place the celebrated name of Milwaukee on the map.

Milwaukee News: Now that the legislature of Wisconsin is in session the contest between the people and the corporations will be fought to a finish, although there are skeptical ones that predict that the finish will be a draw.

Madison Journal: The national party that in the next campaign has a definite preventive for any more coal famines will get a great many votes. To shut off a man's vineyard is not a more offensive thing to him than to lower the thermometer on him and his business and home.

Plymouth Review: The eyes of the people are on the present legislature and woe to the fellows who sell out to corporations. If any legislator casts his ballot to defeat the wishes of the people as expressed at the polls in November, his name should hereafter be made a synonym for infamy.

Milwaukee News: Governor La Follette has submitted to the legislature the longest message ever drafted by a state executive upon a legislative body. It contains in the vicinity of 42,000 words. Its interminable length will discourage its reading by the general public. Life is too short—time too precious.

Fond du Lac Reporter: Alderman Smith of Milwaukee says more than 6,000 people could be induced to sign the petition to hang every alderman in Milwaukee. It's tough on the aldermen, but Alderman Smith has been a member of the Milwaukee council for a great many years and ought to know what he is talking about.

MISS SHIELDS ENTERTAINED

Employees at J. M. Bostwick & Sons' Store Were Her Guests

Miss Kittie Shields entertained her associates in the dry goods store of J. M. Bostwick & Sons at a "house-warming" Monday evening, her new home on Dixon street being the scene of the happy gathering. The evening's pleasure began immediately after the closing of the store, the force of employees being invited to enjoy supper together as Miss Shields' guests.

After ample justice had been done the feast of good things, the evening was devoted to a genuine good time. Dancing was the entertainment provided for the guests, excellent music being furnished by Smith's orchestra.

WRITE PERSONAL LETTERS

Twilight Club Members Are Urged To Write To Madison Visitors

It is requested that all members of the Twilight club who have friends among the members of the Six O'Clock club at Madison write them personal letters urging them to be present at the meeting of the Twilight club on February 10. The club is anxious to have as many as possible of the Madison organization present at this time and think that if the members write personal letters to their friends in the Madison club it will secure a larger attendance for them.

SHERIFF STOPS A LYNCHING

Mob at Perry, Iowa, Checked by Militia While Prisoner Is Removed.

Perry, Ia., Jan. 20.—Over 3,000 men, fully armed and carrying ropes, gathered at the jail in this city and attempted to lynch Stephen Crandall, who was arrested on suspicion of being implicated in the shooting of Harry Patee, the bank cashier.

At the request of the mayor the local militia company was called out to guard the jail and while the excited mob was devising plans to storm the prison Sheriff Holmes managed to escape with the prisoner and took him to Adel, where he was placed in the county jail.

COUNTY BOARD CONTINUES WORK

SECOND DAY'S SESSION DEVOTED TO CONSIDERATION OF BILLS.

THE ACCOUNTS ALLOWED

Municipal Court Rent Question Was Made a Special Order of Business for 2:30 O'clock.

The second day's session of the January meeting of the county board was called to order at 10 o'clock this morning by Chairman Alex. White. The roll call showed all the supervisors to be present except F. A. Baker, R. W. Caever, M. L. Paulson, C. J. Pearsall and E. H. Ransom.

The journal of yesterday's proceedings was read and approved. At eleven o'clock the special order of business set for that time being the bills of W. J. McIntyre, superintendent of assessment, were taken up. Supervisor Bear moved that the bills be allowed and read. Supervisor Jones moved as an amendment that the bills be disallowed. The amendment was lost by a vote of 7 to 28.

Explains Accounts
W. J. McIntyre then appeared before the board and explained his account, which was for the number of days he was employed in his work of supervising the assessment.

Supervisor Gettle then moved that bill 2256 be allowed. Supervisor Jones moved that the bill be disallowed on the ground that Mr. McIntyre had not done the work in accordance with the provisions of the statutes. Supervisor Gettle's motion was put to a vote and carried by a vote of 34 to 0.

Special Bills
Bill No. 529 for personal expenses amounting to \$15.73 was finally allowed after cutting out \$6 charged for postage. The committee appointed to destroy cancelled orders did not get in at 11 o'clock as was expected and an adjournment was taken until 1:30 o'clock when the committee reported that the orders had been destroyed pursuant to the order of the board. The committee on general claims and examinations of the insane reported immediately after the opening of the afternoon session and the question of rent of the municipal court room was taken up at 2:30 as a special order of business. The board expected to complete its work this afternoon but so many things came up for consideration it is doubtful about their getting through and a session on Wednesday morning may be necessary.

MISS JACKMAN TO APPEAR ON STAGE

A Member of the Cast Which Will Present "A Scrap of Paper" at Madison.

On Friday evening of this week the Red Domino Dramatic club of the University of Wisconsin will present its annual play at the Fuller Opera house, Madison, giving "A Scrap of Paper." The Milwaukee Sentinel of this morning published an advance notice of the comedy, illustrated with pictures of the nine students who compose the cast.

Among the number is Miss Margaret Jackman, of this city, who will appear as Zenobia, an old maid. Miss Jackman is a member of the Delta Gamma sorority and her unique ability and individual style have won recognition in the university as they did in the local high school. She has appeared before small audiences in Madison with great success.

Her associates on the cast are among the leaders in university circles. The cast includes Miss Fola LaFollette, daughter of Governor LaFollette, Miss Helen Harvey, daughter of former State Superintendent Harvey and Horatio Winslow, son of Justice Winslow, as well as Misses Grace V. Ellis, Georgia M. Shattuck and George Chaloner. Messrs. William Lloyd Davis and Richard Allen Boaler. The cast is under the direction of Miss Marion Lamont, who succeeded Miss Jennie Butt as instructor in elocution at the university.

CHANGES MADE IN TEACHING FORCE

Miss Ethel Fisher Has Resigned, and Miss Anna Valentine Receives an Appointment.

Miss Ethel Fisher has resigned her position as a teacher in the public schools, her resignation having gone into effect the beginning of this week. Miss Lenora Casford has been transferred from the combined fourth and fifth grades of the Grant school to the sixth grade in the same building. Miss Fisher's former position, Miss Jessie London, who has been serving as substitute teacher at the Webster school has taken charge of the fourth and fifth grades at the Grant and Miss Anna Valentine has received the appointment of substitute teacher and has been assigned to the Webster school first grade.

YOUNG LADIES BOWLING CLUB

To Take in Recruits To Bring Numbers to Former Point

One by one the members of the young ladies' bowling club which has been meeting weekly at Hockett's have dropped out, until now there are only six remaining of the original twelve. The half dozen met this morning and determined to take in enough new members to bring the club up to its former strength. Tuesday will be the morning for the sessions, as formerly. The club members have made marvelous advances in the past months, so the pin boys say. The score sheets, however, are reduced to ashes after each meeting, and will divulge nothing.

THERE IS A NEW TELEPHONE CO.

BADGER STATE LONG DISTANCE COMPANY CHANGES HANDS.

MILWAUKEE MEN AT THE HEAD

Stock of the Old Company Is Absorbed by the New Concern.

The annual meeting of the stockholders of the Badger State Long Distance Telephone company was held at the Hotel Myers this afternoon. The meeting was called for the purpose of organizing a new company to be known as the Badger Telephone and Telegraph company.

About a month ago a meeting of the stockholders was held at the Myers and at that time a proposition was submitted to the old company which was very much in debt to sell out to the new organization. The proposition made by the new company was that they would pay 25 cents in cash or 50 cents in stock in the new company for each share of stock in the old company.

Milwaukee Men
The promoters of the Badger Telephone and Telegraph company are H. A. Upham, D. H. VanDyke, Chas. C. Russell, John R. Fish of Milwaukee and Richard Valentine of Janesville.

The promoters of the new company have secured 262 of the 276 shares of stock in the old company and have control of all but about fifteen shares.

\$100,000 Stock
The capital stock of the new company is \$100,000 and is practically all in the hands of the five gentlemen before named. Richard Valentine is general manager. It is the intention of the company to start on a line from Beloit to Rockford and one from Delavan to Racine and eventually to Milwaukee. A line from Stoughton to Madison by way of McFarland will be built in the spring and during the summer the lines will be extended throughout the south west centers of the state. Another thing that will be done at once is to string copper wires wherever the lines of the company now extend. The iron wires will be left on the poles so that there will really be a double circuit.

Elect Officers
The stockholders met this afternoon and elected a board of directors and these will in turn elect officers. The new organization has plenty of money behind it and will no doubt be a success.

ADVANTAGE OF LOADED SPHERE

Bowlers Are Wondering What Action Bowling Congress Will Take on Loaded Ball.

Among the bowlers there has been considerable discussion of late regarding the advantage of the loaded ball. There is but one such sphere in general use on the alleys in this city, and those who have used it seem in general to be well pleased with the effect. The average ball weighs in the vicinity of fifteen pounds, while the lead weighted ball tips the scales at from seventeen to twenty-one pounds. It has been found that higher scores result from the use of the heavier ball.

The question is whether the custom of using such a ball is detrimental to the sport. It will in all probability be one of the main issues for discussion at the national tournament of the A. B. C. which will begin at Indianapolis the 23rd of next month. Secretary Sam Karpf of that organization has stated his purpose to fight the use of a ball weighing over 16 1/2 or perhaps 16 pounds.

Those who have used the ball in this city object to it on the ground that it is too tiring. That is to say, a man must do an immense amount of bowling to be able to roll fifty or sixty consecutive frames with a 19-pound sphere. And the casual bowler who simply takes up the sport for recreation in his leisure moments cannot spend that amount of time in practice.

If the heavy ball is allowed to come into general use it seems almost certain to thin the ranks of the finger ball enthusiasts. Those who are limited in their time for practice will find it impossible to use it, and with the unweighted lignum vitae ball their scores will average twenty to thirty lower.

MILITARY BALL CARDS ARE OUT

INVITATIONS FOR COMING EVENT ISSUED TODAY.

COMMITTEES ARE APPOINTED

Major F. H. Koebelin Is Arranging for an Attractive Grand March as a Feature.

Invitations were issued today for the military ball which is to be given under the auspices of Canton Janesville, No. 9, Patriarchs Militant. The party will take place at Assembly hall on Tuesday evening, February 3, and indications are that it will be the brilliant social event of the season.

The invitations themselves are very neat, being printed in purple ink and the first cover being embellished with the emblem of the order, executed in purple and gold. Five hundred of the pretty cards have been sent out and the list of those to whom they were sent does not include any one who is a member of one of the local lodges of the Independent Order of Odd Fellows. All Odd Fellows are invited by virtue of their membership in the order.

Military March
One of the features of the ball will be the grand march with which the dancing program will open at half after eight o'clock. Major F. H. Koebelin will have charge of this march and is planning for a number of fancy evolutions, intending that the march shall be one worthy the name and not a hap-hazard affair as is usually the case. The march will be led by the local and visiting chevalliers in full uniform.

(Continued From Page 6).

under the auspices of the Epworth League.

Miss Anna Locke of Delavan, but formerly of this place, was united in marriage to Mr. Shephard of Delavan last week.

The oyster supper given at Holbrook's hall Tuesday night by the M. W. A. was well attended and oysters were served generously.

Thursday evening Rev. Judy entertained the members of the Epworth League. A business meeting was held and officers elected for the ensuing year.

Mr. James Morton has purchased a house and lot in Whitewater and expects to remove there in March.

George Crum was a Beloit visitor one day last week.

Mr. and Mrs. Milton Wilkins of Fairfield were Sunday visitors here.

Our mail carrier is having a rest from duty, his family being afflicted with typhoid fever. The substitute, Will Utley, has charge of the route.

Mrs. Catherine Behlman died on Friday evening at 6:45 at her home in this village. She was born in Germany in 1833 and was married to John Behlman, afterward they removed to Wisconsin and settled in Jefferson county, where they made their home for twenty years, then they came to Richmond where they have resided ever since. Last July death called her husband away and her health has been impaired ever since, a few weeks ago she having had a stroke of paralysis. Thirteen children were born to them, eight girls and five boys. She was a quiet unassuming old lady and very industrious. The funeral was held from the M. E. church Sunday and was largely attended. The four sons acted as pall bearers.

BRODHEAD Jan. 19.—Mrs. Lillian Mitchell went to Janesville last Wednesday for a few days' visit.

Mrs. E. T. Farmer went to Chicago on Saturday, called there by the illness of her sister, Mrs. R. M. Walker.

Mr. and Mrs. G. E. Dixon and daughter Katherine, went to Madison Thursday morning, for a visit with friends.

Mrs. S. N. Dawson and two children, Maggie and Floyd, of Cherokee, Iowa, arrived in Brodhead last Friday morning and are the guests of her mother, Mrs. J. B. Fleet and other relatives.

Mrs. A. J. Gordon left on Monday last for Geneva, N. Y., to visit her daughter, Mrs. H. A. Harding. After spending a few weeks there she will visit her brother, Mr. C. W. Jelliff, at Mansfield, Ohio, on her return trip.

Mr. and Mrs. E. N. Dunwiddie of Coleridge, Nebraska, spent several days in Brodhead the past week going to Madison on Tuesday, in company with their father, Mr. Daniel Dunwiddie, to visit the family of Mr. C. F. Cronk. From there they will go to Edgerton, Emerald Grove, Janesville and Beloit, to visit relatives.

Mrs. Mabel Hotchkiss who has been visiting her parents, Mr. and Mrs. O. J. Barr, returned to her home in Milwaukee on Tuesday last.

Mr. Martin Beck, of Cedar Rapids, Iowa, arrived in Brodhead Saturday for a short visit with his many friends.

Miss Kittle Bush went to Evansville Tuesday to visit with friends for a couple of weeks.

Mr. George Stewart went to Mineral Point on Monday last and returned on Tuesday.

Mrs. O. C. Leng, of Stoughton, was here over Sunday to visit with her brother, Mr. Corson Emminger, of Watertown, South Dakota. Her sister, Mrs. Abbie Cole, of Orfordville, was also an over Sunday visitor at the home of their parents, Mr. and Mrs. J. N. Emminger.

ROCK PRAIRIE Jan. 20.—Lorenzo Chesmore, son of Mr. Almond Chesmore, died at his home Sunday morning. Deceased has been confined to his bed but a short time and death came rather unexpectedly. Funeral was held at the home Tuesday and interment was in Johnstown cemetery. He leaves to mourn his loss, a father, two sisters, Mrs. A. Pratt of Johnstown and Mrs. Ernest Moyer of Janesville and four brothers, Bert,

Fred, Elmer and Harry all of this place.

A mistake was made in last week's issue in regard to the admission for the lecture next Thursday evening. It is thirty-five cents for single admission instead of twenty-five. Remember this is on the regular course.

Miss Isabelle Menzies is confined to the house with the rheumatism. The Presbyterian convention meets at Vernon Tuesday evening at 7:30.

Mr. John Youngclaus is the representative from the U. P. church.

EMERALD GROVE Jan. 20.—The Mistle Workers gathered at the home of Mr. and Mrs. E. Culver on Tuesday evening of last week and spent a very pleasant evening.

This village was well represented at the party given at Haggart's hall on Friday evening and was much enjoyed by all present.

Mrs. Tuttle of Clinton is very successful with her singing class and much interest is manifested by her pupils.

Mr. Wm. Wright has returned from Denver, Col., after an absence of about thirteen years.

Mrs. F. B. Childs wishes to thank the members of the Ladies' Auxiliary and the L. M. U. S. for the beautiful flowers sent by them to be laid on the remains of her dear mother.

LA PRAIRIE Jan. 20.—It has been quite a fad of our young people to take pleasant trips to Rockford on the new line.

Bessie Scott entertained the June Bugs last Saturday.

Irving Van Galder sold a very fine chestnut horse to C. H. Stoller last week.

Mr. and Mrs. Ed. Parker entertained a company at progressive elch last Friday evening. The prizes were carried off by Mrs. Will Sherman and George Turk. A very tempting luncheon was served.

A number of farmers are selling their hogs for good prices.

J. P. Thomas is basking in the balmy sun of Los Angeles.

Mrs. C. Scott was very pleasantly surprised last Saturday afternoon by her friends and neighbors. Her daughters presented her with a very handsome couch.

SPRING VALLEY Jan. 20.—Mr. Pankhurst, who operated the creamery, has resigned, and a man from Waterloo is in charge.

Several young people took a bob ride to Rock Prairie recently. Leaving at 5 p. m. the trip out was made in good time considering the load and poor sleighing. After refreshments at Janesville, left for home at 12:30, at Willowdale a wireless message was sent stating that the hind bob was over heated with the gravel and that Tom was sick but that they cooled the bob with whey from the creamery and gave Tom a hypodermic of butter milk and thought they would pull through all right, but to hold breakfast for them. The message was signed Edhelmanoe.

LIMA Jan. 20.—The Literary society gave a concert in Holbrook's hall last evening.

Mrs. Reese and Joe Hodson sent poultry to the show in Stoughton this week.

Irwin Godfrey and Miss Ruby Bennett attended a party in Fort Atkinson last Friday night.

Fred Desner, of Heart Prairie, will occupy De Witt Bacon's farm this year.

Grandma Holbrook is expected home this week.

Melvin Knowles was taken to Trinity hospital, Milwaukee last Friday for treatment. Dr. Stetson accompanied him.

Our community was saddened Saturday morning by the news that Mrs. John McCord had passed away into the beautiful beyond Friday evening after only a few days' sickness. Mattie Mawhinney was the oldest daughter of Mr. and Mrs. Frank Mawhinney and had she lived until March first would have been 21 years of age. About five years ago she was married to M. McCord, who with his little ones is left to mourn the loss of a loving wife and mother. The funeral was held from the Presbyterian church on Sunday and was largely attended, fifty five teams following the remains to their last resting place in the Lima cemetery.

MITCHELL HITS DAVID M. PARRY

UNIONS DEMAND EQUAL RIGHTS

Employers Must Concede the Same Privileges to the Workmen That They Claim for Themselves When It Comes to Organization.

Indianapolis, Ind., Jan. 20.—John Mitchell, president of the United Mine Workers of America, in a speech before 10,000 people here, bitterly resented a statement made recently by David M. Parry, president of the National Manufacturers' association, the greatest organization of capital in the country. Mr. Mitchell departed from his usual conservatism and created quite a sensation by his utterances.

The attack from President Mitchell came at a testimonial meeting which followed the regular session of the mine delegates.

His Parry's Name.

"Some days ago one of your principal citizens remarked that there would be a great crowd here," said President Mitchell in a conversational tone. "He said there would be one good feature about it, and that was that no property owners would come. He also remarked that the chief speaker was to be John Mitchell, who brought on the coal famine and high prices. That speaker was David M. Parry."

Hisses that came long and deep filled the hall and Mitchell was forced to remain quiet until order was resumed.

Money Is Not All.

"Property does not make a man," he continued. "All the wealth that Pierpont Morgan has cannot make a man. We don't measure men by their money, and David M. Parry should know that. Yet he announced some time ago that he intended to run for the vice presidency of the United States. If he does, then he is apt to find that he is facing a boycott, and that will be of union men and women."

"It is indeed strange that men like Parry, whom I know well, should hesitate to give to us privileges they take. It is strange that he, the business agent of the greatest organization of capital in the country, should try and refuse us the right to organize."

Claims Equal Rights.

"To be serious, I say to Mr. Parry that the working people of this country intend to assert every right capital has got and takes. If capital organizes, labor will organize. If capital federates, labor will federate. If capital consolidates, labor will consolidate. Labor is simply learning to follow in the footsteps of its partner, capital."

"Before I am a trade unionist I am an American. My first duty is to my country and my first allegiance is to its laws. I would not stay in the labor movement if I believed its success depended on their infringement. I have found that their greatest enemies are those among us who break the laws, especially in times of strikes."

Blames Coal Presidents.

President Mitchell then took up the anthracite strike and spoke briefly on the subject. He said it was a strike of the railroad presidents against the American people. He expressed himself as confident that the commission would make a just finding and promised to abide by it, no matter what its nature might be.

At the earlier meeting of the union the coal famine was freely discussed. "The present coal famine, as it is called, has reached its culmination and will rapidly pass away. It came from natural causes, and as they are ceasing to be operative it must from necessity cease to exist."

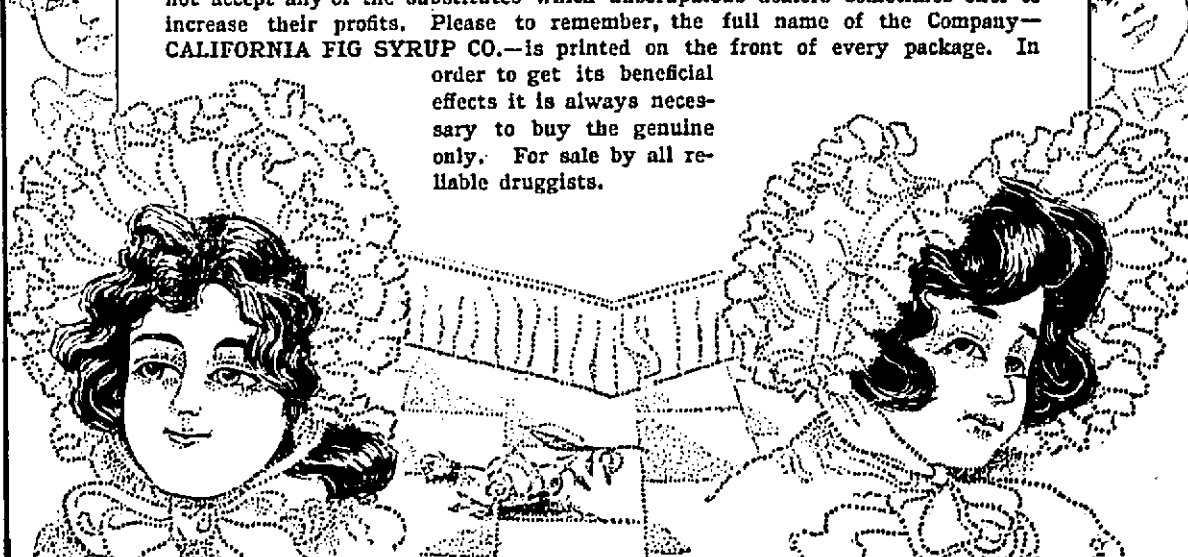

This opinion, voiced by President John Mitchell, found ready supporters among the 750 delegates gathered here to attend the fourteenth annual convention of the organization.

THE CHILDREN ENJOY

Life out of doors and out of the games which they play and the enjoyment which they receive and the efforts which they make, comes the greater part of that healthful development which is so essential to their happiness when grown. When a laxative is needed the remedy which is given to them to cleanse and sweeten and strengthen the internal organs on which it acts, should be such as physicians would sanction, because its component parts are known to be wholesome and the remedy itself free from every objectionable quality. The one remedy which physicians and parents, well-informed, approve and recommend and which the little ones enjoy, because of its pleasant flavor, its gentle action and its beneficial effects, is—Syrup of Figs—and for the same reason it is the only laxative which should be used by fathers and mothers.

Syrup of Figs is the only remedy which acts gently, pleasantly and naturally without griping, irritating, or nauseating and which cleanses the system effectually, without producing that constipated habit which results from the use of the old-time cathartics and modern imitations, and against which the children should be so carefully guarded. If you would have them grow to manhood and womanhood, strong, healthy and happy, do not give them medicines, when medicines are not needed, and when nature needs assistance in the way of a laxative, give them only the simple, pleasant and gentle—Syrup of Figs.

Its quality is due not only to the excellence of the combination of the laxative principles of plants with pleasant aromatic syrups and juices, but also to our original method of manufacture and as you value the health of the little ones, do not accept any of the substitutes which unscrupulous dealers sometimes offer to increase their profits. Please to remember, the full name of the Company—CALIFORNIA FIG SYRUP CO.—is printed on the front of every package. In order to get its beneficial effects it is always necessary to buy the genuine only. For sale by all reliable druggists.

LIQUOZONE

Will Cure You.

To Preserve Your Health and Cure Disease.

Give Facts and Proof, Not Talk and Promises.

Thousands are Now Healthy and Happy, Why Not You?

LIQUOZONE IS NATURE'S CURE FOR MOST ILLS.

It contains an excess of pure oxygen, liquified, so it can be easily and cheaply used. Applied externally, it heals. Used internally, it cures. Liquozone is not a medicine and not a drug. It is unlike any preparation ever sent into the world to bless and heal suffering mankind. Liquozone prolongs life, preserves health, prevents contagion. Liquozone is condensed health.

To-day we will tell you how this wonderful cure performs its almost miraculous cures. Liquozone is the greatest helper of health and its timely use will destroy disease. To feed of these wonderful cures will cost you nothing and may save your life or the life of some loved one. Liquozone contains an excess of oxygen, liquified. Oxygen is the most powerful corrective agent known to Nature. This process of cheaply liquifying oxygen is known only to us. We have tested Liquozone for years and cured thousands with it.

To show you how Liquozone works, let us give you a simple illustration of its action. Suppose a fireman should attempt to fight the smoke during a fire and pay no attention to the fire, would you not think he had lost his reason? There will be smoke as long as there is fire. Fire is the cause, smoke is the effect. It is the same if your body is diseased; germs, science acknowledges, are the cause of disease, while inflammation, fever, pain, are the effect. If, therefore, you have the means to destroy these disease germs, the specific symptoms disappear and the disease is cured.

Here is another simple way of reasoning this out. If you remove the rotten part from a potato and cook the balance, the cooked part will taste foul (every woman knows this to be true). If you plant such a potato, every particle of it will rot because the germ of the disease goes along in the sap (the blood of the plant) all through the potato, proving that the entire potato is sick and not any part of it. In the same way everyone knows that you may cut out a cancer, but the operation is never known to have cured the disease. Why is this? Disease cannot be cured without permanently removing all disease germs from the blood. You cannot suffer from disease without having some particular part of your body teem and swarm with these fierce and violent little living germs. They feed on the living tissue and multiply when not killed or driven away. Liquozone will instantly destroy every disease germ in your blood, in the lungs, in the muscles, in the bones. Germ life cannot live where Liquozone is. Because of its purity, Liquozone will never harm the living tissue any more than pure air will.

By removing the germs from the blood eczema is permanently cured by Liquozone.

Your Liquozone is all you recommend it to be, and more. It is marvelous. I had eczema all around my eyes, and on the back of my hands; between my fingers it was inflamed, and itched and burned. I didn't know what to do. I tried all kinds of salves, and nothing did me any good. I saw your ad. and having the least hope, I bought the first bottle. My eyes were almost well. I have only had time to use one bottle and am well. I recommended it to several.

Constipation Makes Bad Blood.

MULL'S GRAPE TONIC CURES CONSTIPATION

Constipation is the rotting and decaying of undigested food in the alimentary canal. Disease germs arise from this festering mass, which find their way into the blood. The blood becomes impure and shortly the entire system gives way to the unhealthy condition.

You cannot cure a case like this by taking pills or other common cathartics. A laxative will not do. A blood medicine is ineffective. Mull's Grape Tonic is a gentle and mild laxative in addition to being a blood-making and strengthening tonic which immediately builds up the wasted body and makes rich, red blood that carries its health-giving strength to every tissue at every heart beat.

Mull's Grape Tonic is made of pure crushed fruit juices and is sold under a positive guarantee.

Doctors prescribe it. All druggists sell it at 50 cents a bottle. Send 10c to Lightolow Medicine Co., Rock Island, Ill., to cover postage on large sample bottle.

TWO LODGES WILL INSTALL OFFICERS

Joint Services Will Be Followed by
a Social Dance Next Fri-
day Evening.

Plans have been completed for the joint installation services to be held by Olive Branch Lodge, No. 36, A. O. U. W. and Laurel Lodge, No. 2, Degree of Honor on next Friday evening. Cards of invitation have been issued by friends of the order and these invitations must be presented at the door.

The installation will be held in East Side Odd Fellows hall, the obligations being taken first by the officers of the A. O. U. W. Their installing officer will be F. P. Starr. The Degree of Honor will next take charge of the ceremonies and their installation will be made especially interesting by the work of the drill team. Mrs. Ella Page of Baraboo grand usher has been invited to be the installing officer.

There will be no exercises other than the installation and as soon as the services are concluded the floor will be cleared and the members of the orders, their families and invited friends will indulge in a social dance. Baldwin & Rehfeld's orchestra will furnish the music.

URGES RETALIATION.

Lodge Proposes to Stop Discrimination by Foreign Governments.

Washington, Jan. 20.—A plan for retaliation by the United States against certain European countries that discriminate against this country in the matter of custom duties was proposed in the Senate by Mr. Lodge. The senator introduced a resolution which is intended as a notice to foreign governments that discriminate or propose to discriminate against the United States that this country will seek a method of returning the treatments in kind. It is understood the Senate finance committee would not attempt to originate legislation on the subject, but would prepare a plan.

Senator Lodge's resolution directs the committee on finance to inquire whether certain countries are discriminating against the United States, and if so, what law should be passed to give to countries preferential duties which do not discriminate against this country. The resolution refers to the discriminations of France, Germany and Russia against the United States. It went to the table in order to give Senator Aldrich an opportunity to make a statement concerning the subject.

BUBONIC PLAGUE.

Legislation to Prevent Spread of Disease Is Suggested.

Washington, Jan. 20.—Surgeon General Wyman of the public health and marine hospital service and the representatives of the health authorities of nineteen states met here to consider the subject of bubonic plague in the United States. Resolutions were adopted declaring that the presence of the plague in California is established beyond doubt; that the present danger of its spread to the rest of the country lies primarily in "gross neglect of official duty by the state board of health of California and the obstructive influence of the recent governor of California, by the failure of the city government of San Francisco to support its city board of health, and by the obstacles opposed to the operations of the United States public health service," and in conclusion that "a competent state board of health, in co-operation with the United States public health service, proceed under definite, harmonious and effective laws and ordinances and be supplied with ample funds."

Money for Militia.

Washington, Jan. 20.—By the Dick militia bill, which went to the president for his signature, the Illinois National Guard gets \$150,000 appropriation from the federal treasury for equipment, arms, uniforms, etc. The new law provides for the general reorganization of the national guards in every state and territory in the Union. Uniformity and better general efficiency are the objects. This is the first legislation on the subject of the militia since 1792.

Discuss Anti-Trust Bill.

Washington, Jan. 20.—Representatives Littlefield, Overstreet and Powers of Massachusetts, Republican members of the trusts subcommittee of the house judiciary committee, had a conference with the attorney general for the purpose of final consideration of the bill the subcommittee will report to the full committee. It was found at the close of the conference that further work would be necessary to make the bill a finished measure.

May Tax Logs.

Washington, Jan. 20.—The supreme court upheld the validity of the Michigan law making taxable logs which are in transit to another state. The case was that of The Diamond Match Company vs. The Village of Ontonagon. The match company sought to restrain assessment by the village on the ground that it was interference with interstate commerce.

To Study Criminals.

Washington, Jan. 20.—The house judiciary committee authorized a favorable report on the bill to create a bureau in the department of justice for the study of criminal pauper and defective classes; also the bill providing an additional judge for the southern district of New York.

Killing Philippine Locusts.

Washington, Jan. 20.—The Philippine Commission has set a price on locust scalps and hundreds of natives

are now busily engaged in capturing them. Officials of the Agricultural Department infect them with a certain deadly fungus and then let them go again to kill others.

Tongue Cut Out by Filipino.

Washington, Jan. 20.—Word has been received from the Philippines telling of the horrible mutilation of a Tayabas constable by Iadrones. In company with four others he was captured, but was allowed to go after his tongue was cut out and his sight destroyed.

Naval Militia.

Washington, Jan. 20.—Representative Foss, chairman of the house committee on naval affairs, introduced a bill establishing a naval militia and defining its relations to the government; also for the enrollment and organization of a United States naval reserve.

Live Stock Decision.

Washington, Jan. 20.—The supreme court decided in the case of John Kiley vs. Oliver F. Rhoads that the state law of Wyoming for the taxation of live stock brought into the state to be pastured did not apply to such stock when being driven through the state.

Discusses Darien Route.

Washington, Jan. 20.—Senator Scott of West Virginia, who made a speech in favor of the San Blas or Darien route when the isthmian canal bill was considered, discussed the subject with President Roosevelt and left papers relating to that proposed route.

Hermann Resigns.

Washington, Jan. 20.—The resignation of Blinzer Hermann of Oregon as commissioner of the general land office, to take effect Feb. 1, was placed in the hands of the president.

Old Clerk Dies.

Washington, Jan. 20.—Jacob K. Upton, aged 65, chief clerk of the United States Life-Saving Service and former assistant Secretary of the Treasury, died here from heart failure.

To Hear Boundary Case.

Washington, Jan. 20.—The supreme court of the United States announced that it would hear arguments in the boundary case of Louisiana vs. Mississippi March 2.

Dakota Divorce Is Ignored.

New York, Jan. 20.—Despite the fact that he is the possessor of a Dakota divorce, Joseph Curry of Yonkers is locked up on a charge of wife abandonment.

Frewen's Irish Plan.

London, Jan. 20.—Moreton Frewen has a gigantic undertaking for reviving the Irish industries, which he has laid before the Irish government.

TELEGRAPHIC BRIEVITIES.

A bill has been introduced in the Missouri legislature prohibiting football in the state.

The Republican legislative caucus at Topeka selected George A. Clark for state printer over E. W. Hoch by a majority of two.

The Coal Exchange at Springfield, Ill., disbanded in the hope, it is said, of escaping indictment under the Valentine law.

Owing to the exhaustion of the coal supply the Susquehanna Iron and Steel mills at Columbia, Pa., employing 1,500 men, had to shut down.

Major D. H. Rothwell of Detroit, a well-known real estate dealer, filed a petition in bankruptcy, setting forth liabilities of \$105,144 and merely nominal assets.

The council at Lansing, Mich., declared forfeited the franchise of the Hawks-Angus Street Car Company and ordered the tracks torn up for alleged violation of the terms of the ordinance.

Engineer Feasler was killed and Fireman Hurley, Conductor McCann and brakeman Short were severely injured in a collision between two Illinois Central freight trains at Vero, Ill.
